Skills

Web Development and Design (HTML, CSS, Bootstrap)

Public Speaking And Team Collaboration

Research Skills (The talent Targetting program's Research paper)

Time Management

Problem Solving and Coding (Python, C#, R)

Data Structures And Algorithms

Data Analysis (Pandas, Matplotlib, Numpy)

SQL & Relational Databases

Languages

English

Profile

Ambitious and proactive second-year Data Science student with a strong interest in analytics, machine learning, and solving real-world challenges through data. I have a solid foundation in Python, C#, SQL, and R, supported by a Python programming certification and hands-on projects. My academic background includes key statistical concepts such as the Central Limit Theorem and techniques for quantifying sampling uncertainty. I'm eager to contribute, grow, learn, and collaborate in high-impact environments like Deloitte's VIBE Program.

Education

Grade 12 NSC

Jan 2019 - Dec 2023

DZATA Secondary School, Limpopo Vhembe

- Studied the basics of statistics and mathematics.
- Learnt basic Computer skills and English.
- Been part of the Top 10 from grade 8 until i matriculated.

BSC in Information Technology with Specailisation in Data Science

Jan 2024 - Present

UNIVERSITY OF THE FREE STATE, Bloemfontein

- Currently in second year; expected graduation: 2026 November
- Relevant coursework: Programming And Problem Solving with C#, Data Structures and Algorithms, and statistical programming.

Certificates

Python for beginners-LinkedIn Learning

Jun 2024

Completed an introductory course covering Python fundamentals, including variables, data types, control structures, functions, and basic problem-solving. Gained practical experience through coding exercises and hands-on projects.

Python For Data Science- Linked Learning

Jun 2024

Explored core data science concepts with Python through a hands-on project involving web scraping, data analysis, and basic machine learning. Gained practical experience with Pandas, NumPy, Matplotlib, and GitHub Codespaces.

Academic Excellence- Moshal Program

Mar 2025

Recognized for outstanding academic performance and high achievement during my first year of studies.

Critical Thinking And Problem Solving - LinkedIn Learning

Mar 2024

Learned practical strategies to analyze problems, evaluate solutions, and make effective decisions. Developed skills in logical reasoning, identifying biases, and applying structured approaches to real-world challenges.
